

Dear Client,

We want to inform you that, **as of 20th September 2021**, the German DAX Index will be renamed the German 40 index on Forex24 Platforms and the company's website. This change will affect **only the name** and **NOT the ticker** of the respective instrument, which remains **GECEUR.c**.

The update comes as a result of the restructuring of Germany`s benchmark stock index and the addition of 10 new companies' stocks, aimed at a better reflection of the diverse German economy.

Nevertheless, you can rest assured that the upcoming name change will not affect your open positions, and no closing of running trades is needed.
